

Hosanna Christian Academy students participate in a summer reading program. Summer reading is not optional, but rather necessary for our students to develop knowledge of a broad range of literature as well as increase their reading skills. This will greatly benefit them as they continue their studies.

Summer Reading titles for students **entering Grades 6th through 12th** follow below. Students are **required** to read a book selected by the English teachers. Each student should be prepared for a comprehension test that will be given the first week of school. Each grade level/teacher will set their own point value for this assignment.

Students enrolled in Financial Math will have reading requirement, listed below.

Students entering 6th GRADE

Choose one of the following
